Anti-FAPY-Adenosine [FA5] Bulk Size Ab02481-1.1-BT

Isotype and Format: Mouse IgG1, Lambda

Clone Number: FA5

Alternative Name(s) of Target: FapyA; formamidopyrimidine; FAPY-A; 4,6-diamino-5-formamidopyrimidine

UniProt Accession Number of Target Protein:

Published Application(s): ELISA, IHC

Published Species Reactivity: Species independent

Immunogen: This antibody was raised by immunizing mice with FAPY-A-KLH

Specificity: This antibody is specific for FAPY-Adenosine.

Application Notes: ELISA was performed on FAPY-A-BSA using this antibody to assess the binding of this clone (US9884920B2). Immunohistochemical analysis of fish tissue (English sole) was performed using antibodies specific for ROS-induced DNA lesions. This clone was shown to be specific for ROS-induced DNA lesions (US9884920B2).

Antibody First Published in: [PMID:](#)

Note on publication:

Product Form

Size: 1 mg Purified antibody in bulk size.

Purification: Protein A affinity purified

Supplied In: PBS only.

Storage Recommendation: Store at 4°C for up to 3 months. Note, this antibody is provided without added preservatives, it is therefore recommended this antibody be handled under sterile conditions. For longer storage, aliquot and store at -20°C.

Concentration: 1 mg/ml.

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
