Anti-NORE1A [10F10-C6-C6] Standard Size Ab02692-10.3

This antibody was created using our proprietary Fc Silent™ engineered Fc domain containing key point mutations that abrogate binding to Fc gamma receptors.

This chimeric human antibody was made using the variable domain sequences of the original Mouse IgG1 format, for improved compatibility with existing reagents, assays and techniques.

Isotype and Format: Human IgG1, Fc Silent™, Kappa

Clone Number: 10F10-C6-C6

Alternative Name(s) of Target: Ras association domain-containing protein 5; New ras effector 1; Regulator for cell adhesion and polarization enriched in lymphoid tissues; RAPL

UniProt Accession Number of Target Protein: Q8WWW0

Published Application(s): WB, IF

Published Species Reactivity: Human

Immunogen: The original antibody was generated by immunizing mice against amino acids 119-416 of human NORE1A.

Specificity: The antibody reacts with NORE1A epitope located within amino acids 119-191 of the human NORE1A protein, a unique sequence in the NORE1A splice form.

Application Notes: This antibody has been used to specifically bind NORE1A in Western blots (Kuznetsov et al, 2008; pmid:19098985); it detected NORE1A in human HBEC3-KT cells (Moshnikova et al, 2006; pmid:16421102). Immunofluorescence was performed on human bronchial epithelial cells (HBEC3-KT or HBEC3-KTR) using this antibody (Moshnikova et al, 2006; pmid:16421102).

Antibody First Published in: Moshnikova et al. The growth and tumor suppressor NORE1A is a cytoskeletal protein that suppresses growth by inhibition of the ERK pathway J Biol Chem. 2006 Mar 24;281(12):8143-52. [PMID:16421102](#)

Note on publication: The article describes the generation and characterization of the antibody.

Product Form

Size: 200 µg Purified antibody.

Purification: Protein A affinity purified

Supplied In: PBS with 0.02% Proclin 300.

Storage Recommendation: Store at 4°C for up to 3 months. For longer storage, aliquot and store at -

20°C.

Concentration: 1 mg/ml.

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
