Anti-Outer membrane protein [LUNm01] Bulk Size Ab03270-30.11-BT

This is an scFv fragment with a His tag.

Isotype and Format: scFv fragment (His), ScFv

Clone Number: LUNm01

Alternative Name(s) of Target: Class 5c outer membrane protein; opc; OMP

UniProt Accession Number of Target Protein: Q51228

Published Application(s): WB, ELISA

Published Species Reactivity: Neisseria meningitidis

Immunogen: The original antibody was generated using outer membrane protein preparations from Neisseria meningitidis as immunogen.

Specificity: This antibody reacts with the class 5c outer membrane protein of Neisseria meningitidis.

Application Notes: This antibody can be used for the determination of class 5 outer membrane protein of N. meningitidis using ELISA and western blotting (PMID: 8500770).

Antibody First Published in: Ayala Avila et al. Sequence determination of variable region genes of two human monoclonal antibodies against Neisseria meningitidis. Gene. 1993 May 30;127(2):273-4.

[PMID:8500770](#)

Note on publication: Describes the sequences analysis of human antibodies derived against outer membrane protein of N. meningitidis.

Product Form

Size: 500 µg Purified antibody in bulk size.

Purification: Purified by Immobilized Metal Affinity Chromatography

Supplied In: PBS only.

Storage Recommendation: Store at 4°C for up to 3 months. Note, this antibody is provided without added preservatives, it is therefore recommended this antibody be handled under sterile conditions. For longer storage, aliquot and store at -20°C.

Concentration: 1 mg/ml.

Important note – This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
