## Anti-LAG-3 [209B1] Ab03508-23.0-BT

This chimeric rabbit antibody was made using the variable domain sequences of the original Mouse IgG4 format for improved compatibility with existing reagents assays and techniques.

**Isotype and Format:** Rabbit IgG, Kappa

**Clone Number:** 209B1

**Alternative Name(s) of Target:** CD223; LAG3; FDC; Lymphocyte activation gene 3 protein

**UniProt Accession Number of Target Protein:** P18627

**Published Application(s):** inhibition, SPR

**Published Species Reactivity:** Human

**Immunogen:** The original antibody was generated by immunizing female BALB/c mice with Flag-his-tagged extracellular domain of LAG-3.

**Specificity:** The antibody is specific for human LAG-3.

**Application Notes:** The antibody is a humanized version of the mouse antibody MAB209B1. The binding affinity of the antibody to hLAG-3 was measured by surface plasmon resonance. The binding affinity of this antibody towards human LAG-3 was found to be  $K_d = 7.7\text{pM}$ . The antibody showed a good tumour inhibitory effect in in vivo application (WO2021136392).

**Antibody First Published in:** [PMID:](#)

**Note on publication:**

## Product Form

**Size:** 1 mg Purified antibody in bulk size.

**Purification:** Protein A affinity purified

**Supplied In:** PBS only.

**Storage Recommendation:** Store at 4°C for up to 3 months. Note, this antibody is provided without added preservatives, it is therefore recommended this antibody be handled under sterile conditions. For longer storage, aliquot and store at -20°C.

**Concentration:** 1 mg/ml.

Important note – This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
