Anti-CA242 [C242] Standard Size Ab03766-1.1

Isotype and Format: Mouse IgG1, Kappa

Clone Number: C242

Alternative Name(s) of Target: CA 242; C242:II; Carbohydrate antigen 242; tumor marker; pancreatic cancer

UniProt Accession Number of Target Protein:

Published Application(s): IHC

Published Species Reactivity: Human

Immunogen: The original antibody was generated by immunizing mice with human colonic adenocarcinoma cell line.

Specificity: This antibody binds CA242, which is a carbohydrate tumor marker, closely related, but not identical, to CA 19-9 and CA 50. It is commonly tested along with CEA, CA19-9 for detecting pancreatic cancer. This protein is overexpressed in malignant tumors and has been clinically used as a diagnostic biomarker for pancreatic, colorectal and other cancers.

Application Notes: This antibody is recommended for use in immunohistochemical staining of tissue samples of colorectal and pancreatic cancers (US5552293A).

Antibody First Published in: [PMID:](#)

Note on publication:

Product Form

Size: 100 µg Purified antibody.

Purification: Protein A affinity purified

Supplied In: PBS with 0.02% Proclin 300.

Storage Recommendation: Store at 4°C for up to 3 months. For longer storage, aliquot and store at -20°C.

Concentration: 1 mg/ml.

Important note – This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
