## Anti-PVRIG [334MXX] Standard Size Ab03798-1.1

---

**Isotype and Format:** Mouse IgG1, Kappa

**Clone Number:** 334MXX

**Alternative Name(s) of Target:** Poliovirus receptor-related immunoglobulin domain-containing protein; Transmembrane protein PVRIG; CD112 receptor (CD112R)

**UniProt Accession Number of Target Protein:** Q6DKI7

**Published Application(s):** FACS

**Published Species Reactivity:** Human

**Immunogen:** The original antibody was generated by immunizing mice with human PVRIG linked to a human IgG Fc region.

**Specificity:** The antibody specifically binds to human PVRIG.

**Application Notes:** The original version and the humanized version antibody were able to inhibit PVRIG activity and signaling. The binding of the original format or the humanized version of the antibody to PVRIG decreased PVRL2 activity, as shown by FACS analysis on HEK-293T cells transfected with hPVRIG (WO2018017864A3).

**Antibody First Published in:** [PMID:](#)

**Note on publication:**

### Product Form

**Size:** 100 µg Purified antibody.

**Purification:** Protein A affinity purified

**Supplied In:** PBS with 0.02% Proclin 300.

**Storage Recommendation:** Store at 4°C for up to 3 months. For longer storage, aliquot and store at -20°C.

**Concentration:** 1 mg/ml.

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
