## Anti-VSTM5 [B11] Bulk Size Ab03801-10.3-BT

This antibody was created using our proprietary Fc Silent™ engineered Fc domain containing key point mutations that abrogate binding to Fc gamma receptors.

This is a reformatted human IgG1 Fc Silent Fc Silent™ antibody, based on the original human IgG1 format, created for improved compatibility with existing reagents, assays and techniques.

**Isotype and Format:** Human IgG1, Fc Silent™, Lambda

**Clone Number:** B11

**Alternative Name(s) of Target:** V-set and transmembrane domain-containing protein 5

**UniProt Accession Number of Target Protein:** A8MXK1

**Published Application(s):** FACS, ELISA, FC

**Published Species Reactivity:** Human, Mouse

**Immunogen:** The original fully human monoclonal antibody was generated by immunizing HCo7 HuMab mice with purified recombinant VSTM5

**Specificity:** The antibody is specific to VSTM5. The antibody can recognise the human and murine version of VSTM5

**Application Notes:** The specificity of the original format of the antibody was confirmed by ELISA analysis. This antibody was used for detection of human and mouse VSTM5 expressed on HEK293T recombinant cells by flow cytometry (US20160272707A1).

**Antibody First Published in:** [PMID:](#)

**Note on publication:**

## Product Form

**Size:** 1 mg Purified antibody in bulk size.

**Purification:** Protein A affinity purified

**Supplied In:** PBS only.

**Storage Recommendation:** Store at 4°C for up to 3 months. Note, this antibody is provided without added preservatives, it is therefore recommended this antibody be handled under sterile conditions. For longer storage, aliquot and store at -20°C.

**Concentration:** 1 mg/ml.

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic

procedures for humans or animals.
