Anti-CD70 [6F9] Standard Size, 100 µg, Ab03879-23.0 View online

Anti-CD70 [6F9] Standard Size Ab03879-23.0

Isotype and Format: Rabbit IgG, Kappa

Clone Number: 6F9

Alternative Name(s) of Target: TNFSF7; CD27L; CD27-L; CD27LG; CD27 ligand; CD70 antigen; Tumor necrosis factor ligand superfamily member 7

UniProt Accession Number of Target Protein: P32970

Published Application(s): ELISA, FC

Published Species Reactivity: Human, Cynomolgus Monkey

Immunogen: The original antibody was generated by immunizing BALB/c mice with recombinant human CD70-mFc fusion protein as immunogen.

Specificity: This antibody binds human and cynomolgus monkey CD70, a cytokine belonging to the tumor necrosis factor (TNF) ligand family, which acts as a ligand for TNFRSF27/CD27. It is a surface antigen present on activated T and B cells. The CD70-CD27 pathway plays an important role in the generation and maintenance of T cell immunity, in particular during antiviral responses. Upon CD27 binding, induces the proliferation of costimulated T-cells and enhances the generation of cytolytic T-cells. This cytokine is also reported to play a role in regulating B-cell activation, cytotoxic function of natural killer cells, and immunoglobulin synthesis. CD70 is also identified as an emerging target in cancer immunotherapy. **Application Notes:** The binding this antibody to recombinant human CD70 was determined using ELISA. This antibody can positively react with human and cynomolgus monkey CD70 expressed on the surface of 786-0 renal carcinoma cells and CHO-K1-cmCD70 cells in a flow cytometric assay (CN110699327). **Antibody First Published in:** PMID:

Note on publication:

Product Form

Size: 100 µg Purified antibody.

Purification: Protein A affinity purified

Supplied In: PBS with 0.02% Proclin 300.

Storage Recommendation: Store at 4°C for up to 3 months. For longer storage, aliquot and store at - 20°C.

Concentration: 1 mg/ml.

Important note – This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
