Anti-DLL4 [H3L2] Standard Size Ab04084-23.0

Isotype and Format: Rabbit IgG, Kappa

Clone Number: H3L2

Alternative Name(s) of Target: Delta4; Delta-like protein 4; Drosophila Delta homolog 4

UniProt Accession Number of Target Protein: Q9NR61

Published Application(s): proliferation, SPR, FC

Published Species Reactivity: Human

Immunogen: The original antibody is a humanized version of the parental murine monoclonal antibody.

Specificity: The antibody is specific for DLL4.

Application Notes: The antibody retained the high affinity of the parental murine antibody to human DLL4 antigen (KD = 2.26 pM), as measured by SPR experiments. The humanized antibody bound to the DLL4 antigen on the surface of HUVEC cells, as shown by flow cytometry. Further, the antibody could block the inhibitory effect of DLL4 on the proliferation of HUVEC cells (CN105384819B).

Antibody First Published in: [PMID:](#)

Note on publication:

Product Form

Size: 100 µg Purified antibody.

Purification: Protein A affinity purified

Supplied In: PBS with 0.02% Proclin 300.

Storage Recommendation: Store at 4°C for up to 3 months. For longer storage, aliquot and store at -20°C.

Concentration: 1 mg/ml.

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
