Anti-OPG [AbAb01OPG] Standard Size Ab04113-23.0

Isotype and Format: Rabbit IgG, Kappa

Clone Number: AbAb01OPG

Alternative Name(s) of Target: Osteoprotegerin; OCIF; PDB5; TR1; TNFRSF11B; Tumor necrosis factor receptor superfamily member 11b; TNF receptor superfamily member 11b; Osteoclastogenesis inhibitory factor

UniProt Accession Number of Target Protein: O00300

Published Application(s): ELISA

Published Species Reactivity: Human

Immunogen: The original antibody was generated by immunizing Balb/c mice with a KLH- (Keyhole Limpet Hemocyanin) coupled synthesized OPG N-terminal epitope (MNNLLCCALVFLDISIKWTTQETFPPKYLHYDEETSHQ).

Specificity: This antibody is specific for the N-terminal epitope of OPG.

Application Notes: This antibody was generated as a capture antibody that binds to the N-terminal epitope of OPG, as verified by an ELISA. This antibody and the corresponding detection antibody (AbAb02OPG) were used to create an OPG detection kit, which demonstrated a good correlation with a control OPG kit in detecting OPG concentrations in serum samples (CN113621060A).

Antibody First Published in: [PMID:](#)

Note on publication:

Product Form

Size: 100 µg Purified antibody.

Purification: Protein A affinity purified

Supplied In: PBS with 0.02% Proclin 300.

Storage Recommendation: Store at 4°C for up to 3 months. For longer storage, aliquot and store at -20°C.

Concentration: 1 mg/ml.

Important note – This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
