Anti-placental acidic isoferritin [Z-3-6] Bulk Size Ab04196-1.1-BT

Isotype and Format: Mouse IgG1, Kappa

Clone Number: Z-3-6

Alternative Name(s) of Target: PAF

UniProt Accession Number of Target Protein:

Published Application(s): ELISA

Published Species Reactivity: Human

Immunogen: The original antibody was generated by immunizing BALB/c mice with purified PAF.

Specificity: This antibody is specific for human placental acidic isoferritin.

Application Notes: The specificity of this antibody's original format (mouse IgG1, κ) was evaluated by ELISA (Zhou et al., 1998; PMID: 9708830).

Antibody First Published in: Zhou et al. cDNA sequence analysis of monoclonal antibodies against the human placental acidic isoferritin Hybridoma. 1998 Jun;17(3):275-82. doi: 10.1089/hyb.1998.17.275

[PMID:9708830](#)

Note on publication: The original publication describes the generation and cDNA sequence analysis of mouse monoclonal antibodies against the human placental acidic isoferritin (PAF).

Product Form

Size: 1 mg Purified antibody in bulk size.

Purification: Protein A affinity purified

Supplied In: PBS only.

Storage Recommendation: Store at 4°C for up to 3 months. Note, this antibody is provided without added preservatives, it is therefore recommended this antibody be handled under sterile conditions. For longer storage, aliquot and store at -20°C.

Concentration: 1 mg/ml.

Important note – This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
