Anti-Capsid protein VP1 [Mab6] Standard Size Ab04383-2.3

This antibody was created using our proprietary Fc Silent™ engineered Fc domain containing key point mutations that abrogate binding to Fc gamma receptors.

This is a reformatted mouse IgG2a Fc Silent™ antibody, based on the original mouse IgG2a format, created for improved compatibility with existing reagents, assays and techniques.

Isotype and Format: Mouse IgG2a, [Fc Silent™](#), Kappa

Clone Number: Mab6

Alternative Name(s) of Target: CPV; FPV; Fab 6; Coat protein VP1; Antibody 6

UniProt Accession Number of Target Protein: P17455; P04864

Published Application(s): cryoEM, neutralizing, ELISA

Published Species Reactivity: Canine parvovirus type 2, feline panleukopenia virus

Immunogen: The original antibody was generated by immunizing Balb/C mice with CPV antigen.

Specificity: The antibody is specific for CPV and FPV. The antibody is specific for antigenic site A of CPV-2.

Application Notes: The original format of the antibody could neutralize CPV and FPV (Parrish et al., 1982; PMID: 6180709 and Nelson et al., 2007; PMID: 17217977). The specificity of the original format of the antibody was confirmed by ELISA analysis (Nelson et al., 2007; PMID: 17217977). The crystal structure of the Fab format of the antibody was determined by cryo-electron microscopy (Hafenstein et al., 2009; PMID: 19321620).

Antibody First Published in: Parrish et al. Antigenic relationships between canine parvovirus type 2, feline panleukopenia virus and mink enteritis virus using conventional antisera and monoclonal antibodies Arch Virol. 1982;72(4):267-78. doi: 10.1007/BF01315223. [PMID:6180709](#)

Note on publication: The original paper describes the generation and characterization of the antibody.

Product Form

Size: 100 µg Purified antibody.

Purification: Protein A affinity purified

Supplied In: PBS with 0.02% Proclin 300.

Storage Recommendation: Store at 4°C for up to 3 months. For longer storage, aliquot and store at -20°C.

Concentration:

1 mg/ml.

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
