Datasheet

DGKZ recombinant monoclonal antibody, clone R04-1H8

Catalog Number: RAB01277

Regulatory Status: For research use only (RUO)

Product Description: Rabbit recombinant monoclonal antibody raised against human DGKZ.

Clone Name: R04-1H8

Immunogen: Original antibody is raised against recombinant protein corresponding to human DGKZ/DGK-zeta.

Theoretical MW (kDa): Calculated MW: 104 k

Antibody Species: Rabbit

Protocols: See our web site at <http://www.abnova.com/support/protocols.asp> or product page for detailed protocols

Form: Liquid

Purification: Affinity purification

Isotype: IgG

Recommend Usage: Western Blot
The optimal working dilution should be determined by the end user.

Storage Buffer: In 50 mM Tris-Glycine pH 7.4 (0.15 M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% BSA)

Storage Instruction: Store at 4°C. For longer storage, aliquot and store at -20°C.
Aliquot to avoid repeated freezing and thawing.

Entrez GeneID: 8525

Gene Symbol: DGKZ

Gene Alias: DAGK5, DAGK6, DGK-ZETA, hDGKzeta

Gene Summary: The protein encoded by this gene belongs to the eukaryotic diacylglycerol kinase family. It

may attenuate protein kinase C activity by regulating diacylglycerol levels in intracellular signaling cascade and signal transduction. Alternative splicing occurs at this locus and four transcript variants encoding distinct isoforms have been identified. [provided by RefSeq]
