Datasheet

SIRPG recombinant monoclonal antibody, clone OX117

Catalog Number: RAB03847

Regulatory Status: For research use only (RUO)

Product Description: Rabbit recombinant monoclonal antibody raised against recombinant human SIRP?:CD4 fusion protein.

Clone Name: OX117

Immunogen: Original antibody is raised against recombinant protein corresponding to recombinant human SIRP?:CD4 fusion protein.

Antibody Species: Rabbit

Protocols: See our web site at <http://www.abnova.com/support/protocols.asp> or product page for detailed protocols

Form: Liquid

Conjugation: Unconjugated

Concentration: batch dependent

Isotype: IgG

Recommend Usage: ELISA

Flow cytometry

Immunoprecipitation

The optimal working dilution should be determined by the end user.

Storage Buffer: In PBS with 0.02% Proclin 300

Storage Instruction: Store at 4°C for 3 months. For long term storage store at -20°C.
Aliquot to avoid repeated freezing and thawing.

Entrez GeneID: 55423

Gene Symbol: SIRPG

Gene Alias: CD172g, SIRP-B2, SIRPB2, SIRPgamma, bA77C3.1

Gene Summary: The protein encoded by this gene is a member of the signal-regulatory protein (SIRP) family, and also belongs to the immunoglobulin superfamily. SIRP family members are receptor-type transmembrane glycoproteins known to be involved in the negative regulation of receptor tyrosine kinase-coupled signaling processes. Alternatively spliced transcript variants encoding different isoforms have been described. [provided by RefSeq]
