Datasheet

ELMO1 recombinant monoclonal antibody, clone R03-7M8

Catalog Number: RAB05242

Regulatory Status: For research use only (RUO)

Product Description: Rabbit recombinant monoclonal antibody raised against human ELMO1.

Clone Name: R03-7M8

Immunogen: Original antibody is raised against recombinant protein corresponding to human ELMO1

Theoretical MW (kDa): Calculated MW: 84 kD

Antibody Species: Rabbit

Protocols: See our web site at <http://www.abnova.com/support/protocols.asp> or product page for detailed protocols

Form: Liquid

Purification: Affinity purification

Isotype: IgG

Recommend Usage: Flow cytometry (1/50-1/100)
Immunofluorescence (1/50-1/200)
Immunoprecipitation (1/20)
Western Blot (1/500-1/1000)
The optimal working dilution should be determined by the end user.

Storage Buffer: In PBS, 150 mM NaCl, pH 7.4 (50% glycerol and 0.02% Sodium azide)

Storage Instruction: Store at 4°C. For long term storage store at -20°C.
Aliquot to avoid repeated freezing and thawing.

Entrez GeneID: 9844

Gene Symbol: ELMO1

Gene Alias: CED-12, CED12, ELMO-1, KIAA0281, MGC126406

Gene Summary: The protein encoded by this gene interacts with the dedicator of cyto-kinesis 1 protein to promote phagocytosis and effect cell shape changes. Similarity to a *C. elegans* protein suggests that this protein may function in apoptosis and in cell migration. Alternative splicing of this gene results in multiple transcript variants encoding different isoforms. [provided by RefSeq]
