

# SZABO SCANDIC

Part of Europa Biosite

## Produktinformation

Forschungsprodukte & Biochemikalien

Zellkultur & Verbrauchsmaterial

Diagnostik & molekulare Diagnostik

Laborgeräte & Service

Weitere Information auf den folgenden Seiten!  
See the following pages for more information!

### Lieferung & Zahlungsart

siehe unsere [Liefer- und Versandbedingungen](#)

### Zuschläge

- Mindermengenzuschlag
- Trockeneiszuschlag
- Gefahrgutzuschlag
- Expressversand

|  |  |
|--|--|
| Product Number                                 | ARP57959_P050-HRP  |
| Product Page                                   | <a href="http://www.avivasysbio.com/dbp-antibody-c-terminal-region-hrp-arp57959-p050-hrp.html">www.avivasysbio.com/dbp-antibody-c-terminal-region-hrp-arp57959-p050-hrp.html</a>   |
| Name   | DBP Antibody - C-terminal region : HRP (ARP57959_P050-HRP)   |
| Protein Size (# AA)                            | 325 amino acids  |
| Molecular Weight                               | 34kDa  |
| Conjugation                                    | HRP: Horseradish Peroxidase  |
| NCBI Gene Id                                   | 1628   |
| Host   | Rabbit   |
| Clonality                                      | Polyclonal   |
| Concentration                                  | 0.5 mg/ml  |
| Gene Full Name                                 | D site of albumin promoter (albumin D-box) binding protein   |
| Alias Symbols                                  | DABP, taxREB302  |
| Peptide Sequence                               | Synthetic peptide located within the following region:<br><a href="#">FSEEEKLPQPIMKKARKIQVPVEEQKDEKYWSRRYKNNEAAKRSRDARRLK</a>  |
| Product Format                                 | Liquid. Purified antibody is supplied in high phosphate PBS, 100 mM phosphate, 150 mM NaCl, pH 7.6.  |
| Description of Target                          | DBP is a member of the PAR bZIP (proline and acidic amino acid-rich basic leucine zipper) transcription factor family. It is transcriptional activator that recognizes and binds to the sequence 5'-RTTAYGTAAY-3' found in the promoter of genes such as albumin, CYP2A4 and CYP2A5. The protein is not essential for circadian rhythm generation, but modulates important clock output genes.                                       |
| Protein Interactions                           | BATF2; BATF3; BATF; EPAS1; DDIT3; CEBPG; CEBPA; ATF3; HLF; EP300; TEF;   |
| Reconstitution and Storage                     | All conjugated antibodies should be stored in light-protected vials or covered with a light protecting material (i.e. aluminum foil). Conjugated antibodies are stable for at least 12 months at 4C. If longer storage is desired (24 months), conjugates may be diluted with up to 50% glycerol and stored at -20C to -80C. Freezing and thawing conjugated antibodies will compromise enzyme activity as well as antibody binding. |
| Datasheets/Manuals                             | Printable datasheet for <a href="#">anti-DBP (ARP57959_P050-HRP) antibody</a>  |
| Blocking Peptide                               | For anti-DBP (ARP57959_P050-HRP) antibody is <a href="#">Catalog# AAP57959</a> (Previous Catalog# AAPP32370)   |
| Immunogen                                      | The immunogen is a synthetic peptide directed towards the C terminal region of human DBP   |
| Uniprot ID                                     | <a href="#">Q10586</a>   |
| Protein Name                                   | D site-binding protein   |
| Protein Accession #                            | <a href="#">NP_001343</a>  |
| Purification                                   | Affinity Purified  |
| Nucleotide Accession #                         | <a href="#">NM_001352</a>  |
| Gene Symbol                                    | <a href="#">DBP</a>  |
| Predicted Species Reactivity                   | Human, Mouse, Rat, Cow, Dog, Guinea Pig, Horse, Rabbit, Sheep, Zebrafish   |
| Application                                    | WB   |
| Predicted Homology Based on Immunogen Sequence | Cow: 100%; Dog: 100%; Guinea Pig: 100%; Horse: 100%; Human: 100%; Mouse: 93%; Rabbit: 90%; Rat: 100%; Sheep: 100%; Zebrafish: 80%  |

AVIVA SYSTEMS BIOLOGY manufactures and sells quality antibody products covering genome wide proteins.

This product is for Research Use Only. Not for diagnostic, human, or veterinary use.

Optimal conditions of its use should be determined by end users.
