Product Number	ARP59193_P050-FITC
Product Page	www.avivasysbio.com/cst9-antibody-middle-region-fitc-arp59193-p050-fitc.html
Name	CST9 Antibody - middle region : FITC (ARP59193_P050-FITC)
Protein Size (# AA)	159 amino acids
Molecular Weight	18kDa
Conjugation	FITC: Fluorescein Isothiocyanate
NCBI Gene Id	128822
Host	Rabbit
Clonality	Polyclonal
Concentration	0.5 mg/ml
Gene Full Name	Cystatin 9 (testatin)
Alias Symbols	CLM, CTES7A
Peptide Sequence	Synthetic peptide located within the following region: LRVLSSWREDSMDRKWRGKMFVFSMNLQLRQTVCRKFEDDIDNCPFQESLE
Product Format	Liquid. Purified antibody supplied in 1x PBS buffer.
Description of Target	CST9 is part of the cystatin superfamily which encompasses proteins that contain multiple cystatin-like sequences. Some of the members are active cysteine protease inhibitors, while others have lost or perhaps never acquired this inhibitory activity. There are three inhibitory families in the superfamily, including the type 1 cystatins (stefins), type 2 cystatins and the kininogens. The type 2 cystatin proteins are a class of cysteine proteinase inhibitors found in a variety of human fluids and secretions, where they appear to provide protective functions. The cystatin locus on chromosome 20 contains the majority of the type 2 cystatin genes and pseudogenes. This gene is located in the cystatin locus and encodes a secreted protein that may play a role in hematopoietic differentiation or inflammation.
Reconstitution and Storage	All conjugated antibodies should be stored in light-protected vials or covered with a light protecting material (i.e. aluminum foil). Conjugated antibodies are stable for at least 12 months at 4C. If longer storage is desired (24 months), conjugates may be diluted with up to 50% glycerol and stored at -20C to -80C. Freezing and thawing conjugated antibodies will compromise enzyme activity as well as antibody binding.
Datasheets/Manuals	Printable datasheet for anti-CST9 (ARP59193_P050-FITC) antibody
Blocking Peptide	For anti-CST9 (ARP59193_P050-FITC) antibody is Catalog # AAP59193
Immunogen	The immunogen is a synthetic peptide directed towards the middle region of human CST9
Uniprot ID	Q5W186
Protein Name	Cystatin-9
Protein Accession #	NP_001008693
Purification	Affinity Purified
Nucleotide Accession #	NM_001008693
Gene Symbol	CST9
Predicted Species Reactivity	Human
Application	WB
Predicted Homology Based on Immunogen Sequence	Human: 100%
