# **Product Information**

## Palmitoleoyl 3-carbacyclic Phosphatidic Acid

Item No. 10010298

CAS Registry No.:	910228-13-6
Formal Name:	(2-hydroxy-2-oxido-1,2-
	oxaphospholan-5-yl)methyl ester-9Z-
	9Cl-9-hexadecenoic acid
Synonyms:	3-carbacyclic PA, 3-ccPA 16:1
MF:	$C_{20}H_{37}O_5P$
FW:	388.5
Purity:	≥95%
Stability:	≥1 year at -20°C
Supplied as:	A solution in chloroform

#### Laboratory Procedures

For long term storage, we suggest that palmitoleoyl 3-carbacyclic phosphatidic acid (3-ccPA 16:1) be stored as supplied at -20°C. It should be stable for at least one year.

3-ccPA 16:1 is supplied as a solution in chloroform. 3-ccPA 16:1 is sparingly soluble in organic solvents such as ethanol, DMSO, and dimethyl formamide. For biological experiments, we suggest that organic solvent-free aqueous solutions of 3-ccPA 16:1 be prepared by evaporating the chloroform and directly dissolving the neat oil in aqueous buffers. The solubility of 3-ccPA 16:1 in PBS, pH 7.2, is approximately 5 mg/ml. We do not recommend storing the aqueous solution for more than one day.

Cyclic phosphatidic acids (cPAs) are naturally occurring analogs of lysophosphatidic acid (LPA) in which the sn-2 hydroxy group forms a 5-membered ring with the sn-3 phosphate.<sup>1,2</sup> Carba-derivatives of cPA (ccPA) are modified at the sn-2 (2-ccPA) or sn-3 (3-ccPA) linkage, preventing the opening of cPA to produce lysophosphatidic acid (LPA). Palmitoleoyl 3-ccPA 16:1 is a cyclic LPA analog that contains the 16:1 fatty acid, palmitoleate, at the sn-1 position of the glycerol backbone. At 25 µM, it inhibits the transcellular migration of MM1 cells across mesothelial cell monolayers in response to fetal bovine serum (86.9%) or LPA (99.9%) without affecting proliferation.<sup>3</sup> 3-ccPA 16:1 significantly inhibits autotaxin (IC<sub>50</sub> = 620 nM), an enzyme that is important in cancer cell survival, growth, migration, invasion and metastasis. When delivered intraperitoneally, 3-ccPA 16:1 significantly reduces the number of lung metastases formed in mice injected with B16F10 melanoma cells in the tail vein.<sup>4</sup>

#### SAFETY DATA

This material should be considered hazardous until information to the contrary becomes available. Do not ingest, swallow, or inhale. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. This information contains some, but not all, of the information required for the safe and proper use of this material. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

#### WARRANTY AND LIMITATION OF REMEDY

Cayman Chemical Company makes **no warranty or guarantee** of any kind, whether written or oral, expressed or implied, including without limitation, any warranty of fitness for a particular purpose, suitability and merchantability, which extends beyond the description of the chemicals hereof. Cayman **warrants only** to the original customer that the material will <u>meet our specifications</u>

purpose, suitability and merchantability which extends beyond the description of the chemicals hereor. Cayman warrants only to the original customer that the material will <u>meet our specifications</u> at the time of delivery. Cayman will carry out is delivery obligations with due care and skill. Thus, in no event will Cayman have **any obligation or liability**, whether in tort (including negligence) or in contract, for any direct, indirect, indirect and capped and cayman is informed about their possible existence. This limitation of liability does not apply in the case of intentional acts or negligence of Cayman, its directors or its employees. Buyer's **exclusive remedy** and Cayman's sole liability hereunder shall be limited to a <u>refund</u> of the purchase price, or at Cayman's option, the <u>replacement</u>, at no cost to Buyer, of all material that does not meet our specifications. Said refund or replacement is conditioned on Buyer giving written notice to Cayman within thirty (30) days after arrival of the material at its destination. Failure of Buyer to give said notice within thirty (30) days after arrival of the material ta its destination. Failure of Buyer to give said notice within thirty (30) days after arrival of the material at its destination. Failure of Buyer to give said notice within thirty (30) days after arrival of the material at its destination.

thirty (30) days shall constitute a waiver by Buyer of all claims hereunder with respect to said material. For further details, please refer to our Warranty and Limitation of Remedy located on our website and in our catalog. Copyright Cayman Chemical Company, 07/02/2014
