Product Information

trans-Resveratrol-3-O-β-D-Glucuronide

Item No. 13832

CAS Registry No.: 387372-17-0
Formal Name: 3-hydroxy-5-[(1E)-2-(4-hydroxyphenyl)ethenyl]phenyl-β-D-glucopyranosiduronic acid
Synonym: Resveratrol 3-O-D-Glucuronide
MF: C₂₀H₂₀O₉
FW: 404.4
Purity: ≥95%
Stability: ≥2 years at -20°C
Supplied as: A crystalline solid
UV/Vis.: λ_{max}: 217, 307, 320 nm

Laboratory Procedures

For long term storage, we suggest that *trans*-resveratrol-3-O-β-D-glucuronide be stored as supplied at -20°C. It should be stable for at least two years.

trans-Resveratrol-3-O-β-D-glucuronide is supplied as a crystalline solid. A stock solution may be made by dissolving the *trans*-resveratrol-3-O-β-D-glucuronide in the solvent of choice. *trans*-Resveratrol-3-O-β-D-glucuronide is soluble in organic solvents such as methanol and DMSO, which should be purged with an inert gas. The solubility of *trans*-resveratrol-3-O-β-D-glucuronide in these solvents is approximately 5 and 10 mg/ml, respectively.

trans-Resveratrol-3-O-β-D-glucuronide is sparingly soluble in aqueous solutions. To enhance aqueous solubility, dilute the organic solvent solution into aqueous buffers or isotonic saline. If performing biological experiments, ensure the residual amount of organic solvent is insignificant, since organic solvents may have physiological effects at low concentrations. We do not recommend storing the aqueous solution for more than one day.

Resveratrol is a potent phenolic antioxidant found in grapes and red wine that also has antiproliferative and anti-inflammatory activity.¹ In humans, resveratrol is almost completely conjugated to its glucuronide and sulfate metabolites.² *trans*-Resveratrol-3-O-β-D-glucuronide is a regioisomeric resveratrol metabolite that may be used as a reference standard for accurate determination of the metabolic profile of resveratrol.

WARNING: THIS PRODUCT IS FOR LABORATORY RESEARCH ONLY: NOT FOR ADMINISTRATION TO HUMANS. NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until information to the contrary becomes available. Do not ingest, swallow, or inhale. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. This information contains some, but not all, of the information required for the safe and proper use of this material. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Cayman Chemical Company makes **no warranty or guarantee** of any kind, whether written or oral, expressed or implied, including without limitation, any warranty of fitness for a particular purpose, suitability and merchantability, which extends beyond the description of the chemicals hereof. Cayman **warrants only** to the original customer that the material will **meet our specifications at the time of delivery**.

Cayman will carry out its delivery obligations with due care and skill. Thus, in no event will Cayman have **any obligation or liability**, whether in tort (including negligence) or in contract, for any direct, indirect, incidental or consequential damages, even if Cayman is informed about their possible existence.

This limitation of liability does not apply in the case of intentional acts or negligence of Cayman, its directors or its employees. Buyer's **exclusive remedy** and Cayman's sole liability hereunder shall be limited to a **refund** of the purchase price, or at Cayman's option, the **replacement**, at no cost to Buyer, of all material that does not meet our specifications.

Said refund or replacement is conditioned on Buyer giving written notice to Cayman within thirty (30) days after arrival of the material at its destination. Failure of Buyer to give said notice within thirty (30) days shall constitute a waiver by Buyer of all claims hereunder with respect to said material.

For further details, please refer to our **Warranty and Limitation of Remedy** located on our website and in our catalog.
