Product Information

8-*iso* Prostaglandin F_{1β}

Item No. 15370

CAS Registry No.: 26771-95-9
Formal Name: 9β,11α,15S-trihydroxy-(8β)-prost-13E-en-1-oic acid
Synonym: 8-*epi*-9β-Prostaglandin F_{1α}
MF: C₂₀H₃₆O₅
FW: 356.5
Purity: ≥99%
Stability: ≥2 years at -20°C
Supplied as: A crystalline solid

Laboratory Procedures

For long term storage, we suggest that 8-*iso* Prostaglandin F_{1β} (8-*iso* PGF_{1β}) be stored as supplied at -20°C. It will be stable for at least two years.

8-*iso* PGF_{1β} is sparingly soluble in water but freely soluble in organic solvents such as ethanol, methanol, acetone, acetonitrile, or DMSO. The solubility of 8-*iso* PGF_{1β} in these solvents is approximately 10 mg/ml. 8-*iso* PGF_{1β} is stable for approximately 6 months in these solvents if stored at -10°C. Further dilutions of the stock solution into aqueous buffers or isotonic saline should be made prior to performing any biological experiments. Ensure that the residual amount of organic solvent is insignificant, since organic solvents may have physiological effects at low concentrations. We do not recommend storing the aqueous solution for more than one day.

Organic solvent-free aqueous solutions of 8-*iso* PGF_{1β} can be prepared by directly dissolving the crystalline compound in basic solutions. The solubility of 8-*iso* PGF_{1β} in 0.01 M aqueous Na₂CO₃ is approximately 6 mg/ml. Again, we do not recommend storing the aqueous solutions for more than one day.

8-*iso* PGF_{1β} is a potential autoxidation product of DGLA. There are no published reports on its isolation from any biological source or on its biological activity.

WARNING: THIS PRODUCT IS FOR LABORATORY RESEARCH ONLY. NOT FOR ADMINISTRATION TO HUMANS. NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

MATERIAL SAFETY DATA

This material should be considered hazardous until information to the contrary becomes available. Do not ingest, swallow, or inhale. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. This information contains some, but not all, of the information required for the safe and proper use of this material. Before use, the user must review the complete Material Safety Data Sheet, which has been sent *via* email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Cayman Chemical Company makes **no warranty or guarantee** of any kind, whether written or oral, expressed or implied, including without limitation, any warranty of fitness for a particular purpose, suitability and merchantability, which extends beyond the description of the chemicals hereof. Cayman **warrants only** to the original customer that the material will **meet our specifications at the time of delivery.**

Cayman will carry out its delivery obligations with due care and skill. Thus, in no event will Cayman have **any obligation or liability**, whether in tort (including negligence) or in contract, for any direct, indirect, incidental or consequential damages, even if Cayman is informed about their possible existence.

This limitation of liability does not apply in the case of intentional acts or negligence of Cayman, its directors or its employees.

Buyer's **exclusive remedy** and Cayman's sole liability hereunder shall be limited to a **refund** of the purchase price, or at Cayman's option, the **replacement**, at no cost to Buyer, of all material that does not meet our specifications.

Said refund or replacement is conditioned on Buyer giving written notice to Cayman within thirty (30) days after arrival of the material at its destination. Failure of Buyer to give said notice within thirty (30) days shall constitute a waiver by Buyer of all claims hereunder with respect to said material.

For further details, please refer to our **Warranty and Limitation of Remedy located on our website and in our catalog.**
