Product Information

13,14-dihydro-15-keto-tetranor Prostaglandin F_{1β}

Catalog No. 16853

CAS Registry No.: 23015-45-4
Formal Name: 13,14-dihydro-9β,11α-dihydroxy-15-keto-2,3,4,5-tetranor-prostan-1-oic acid
Synonyms: 5β, 7α-dihydroxy-11-ketotetranor-Prostanoic Acid; 9β-13,14-dihydro-15-keto-tetranor Prostaglandin F_{1α}; 9β,11α-dihydroxy-15-oxo-2,3,4,5-tetranor-Prostanoic Acid
MF: C₁₆H₂₈O₅
FW: 300.4
Purity: ≥98%
Stability: ≥1 year at -20°C
Supplied as: A solution in methyl acetate

Laboratory Procedures

For long term storage, we suggest that 13,14-dihydro-15-keto-tetranor Prostaglandin F_{1β} (13,14-dihydro-15-keto-tetranor-PGF_{1β}) be stored as supplied at -20°C. It should be stable for at least one year.

13,14-dihydro-15-keto-tetranor PGF_{1β} is supplied as a solution in methyl acetate. To change the solvent, simply evaporate the methyl acetate under a gentle stream of nitrogen and immediately add the solvent of choice. Solvents such as ethanol, DMSO, and dimethyl formamide purged with an inert gas can be used.

If aqueous stock solutions are required for biological experiments, they can best be prepared by diluting the organic solvent into aqueous buffers or isotonic saline. Ensure that the residual amount of organic solvent is insignificant, since organic solvents may have physiological effects at low concentrations. We do not recommend storing the aqueous solution for more than one day.

13,14-dihydro-15-keto-tetranor PGF_{1β} is a major urinary metabolite of PGE₂ that is excreted in guinea pig urine at a concentration range of 1.34-2.74 μg/kg.¹

WARNING: THIS PRODUCT IS FOR LABORATORY RESEARCH ONLY: NOT FOR ADMINISTRATION TO HUMANS. NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

MATERIAL SAFETY DATA

This material should be considered hazardous until information to the contrary becomes available. Do not ingest, swallow, or inhale. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. This information contains some, but not all, of the information required for the safe and proper use of this material. Before use, the user must review the complete Material Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Cayman Chemical Company makes **no warranty or guarantee** of any kind, whether written or oral, expressed or implied, including without limitation, any warranty of fitness for a particular purpose, suitability and merchantability, which extends beyond the description of the chemicals hereof. Cayman warrants only to the original customer that the material will meet our specifications at the time of delivery.

Cayman will carry out its delivery obligations with due care and skill. Thus, in no event will Cayman have any obligation or liability, whether in tort (including negligence) or in contract, for any direct, indirect, incidental or consequential damages, even if Cayman is informed about their possible existence.

This limitation of liability does not apply in the case of intentional acts or negligence of Cayman, its directors or its employees. Buyer's exclusive remedy and Cayman's sole liability hereunder shall be limited to a refund of the purchase price, or at Cayman's option, the replacement, at no cost to Buyer, of all material that does not meet our specifications.

Said refund or replacement is conditioned on Buyer giving written notice to Cayman within thirty (30) days after arrival of the material at its destination. Failure of Buyer to give said notice within thirty (30) days shall constitute a waiver by Buyer of all claims hereunder with respect to said material.

For further details, please refer to our Warranty and Limitation of Remedy located on our website and in our catalog.
