PRODUCT INFORMATION

Xaliproden (hydrochloride)

Item No. 31468

CAS Registry No.: 90494-79-4

Formal Name: 1,2,3,6-tetrahydro-1-[2-(2-naphthalenyl)ethyl]-4-[3-(trifluoromethyl)phenyl]pyridine, monohydrochloride

Synonym: SR 57746A

MF: C₂₄H₂₂F₃N • HCl

FW: 417.9

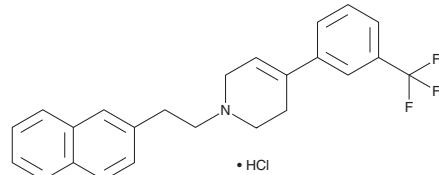

Purity: ≥98%

UV/Vis.: λ_{max}: 224 nm

Supplied as: A crystalline solid

Storage: -20°C

Stability: ≥2 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

Xaliproden (hydrochloride) is supplied as a crystalline solid. A stock solution may be made by dissolving the xaliproden (hydrochloride) in the solvent of choice, which should be purged with an inert gas. Xaliproden (hydrochloride) is soluble in organic solvents such as DMSO and dimethyl formamide. The solubility of xaliproden (hydrochloride) in these solvents is approximately 1 mg/ml.

Description

Xaliproden is an agonist of the serotonin (5-HT) receptor subtype 5-HT_{1A} (IC₅₀ = 4.3 nM in a radioligand binding assay).¹ It is selective for 5-HT_{1A} over 5-HT₂ and α₁-adrenergic receptors (IC₅₀s = 697 and 630 nM, respectively), as well as a panel of 13 additional neurotransmitter receptors and ion channels (IC₅₀s = ≥10 μM for all) but also binds sigma (σ) receptors (IC₅₀ = 73 nM). Xaliproden (250 nM) increases NGF-induced neurite outgrowth and α-actinin levels in PC12 cells.² It decreases hippocampal neuronal damage and reduces impairments in sensorimotor function in rat models of transient global ischemia induced by four-vessel occlusion (4-VO) and sciatic nerve crush injury, respectively, when administered at a dose of 10 mg/kg per day.³ Xaliproden (10 mg/kg per day) inhibits CNS mononuclear cell infiltration and increases in cerebrospinal fluid IgG levels in a rat model of experimental autoimmune encephalomyelitis (EAE) induced by myelin basic protein.⁴

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
