PRODUCT INFORMATION

7,12-Diketolithocholic Acid

Item No. 33416

CAS Registry No.: 517-33-9
Formal Name: (5 β)-3 α -hydroxy-7,12-dioxo-cholan-24-oic acid
Synonyms: 7,12-Dioxolithocholic Acid, 3-hydroxy-7,12-Diketocholanoic Acid, 7,12-diketo-LCA
MF: C₂₄H₃₆O₅
FW: 404.5
Purity: \geq 98%
Supplied as: A solid
Storage: -20°C
Stability: \geq 2 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

7,12-Diketolithocholic acid is supplied as a solid. A stock solution may be made by dissolving the 7,12-diketolithocholic acid in the solvent of choice, which should be purged with an inert gas. 7,12-Diketolithocholic acid is slightly soluble in methanol.

7,12-Diketolithocholic acid is slightly soluble in aqueous solutions. To enhance aqueous solubility, dilute the organic solvent solution into aqueous buffers or isotonic saline. If performing biological experiments, ensure the residual amount of organic solvent is insignificant, since organic solvents may have physiological effects at low concentrations. We do not recommend storing the aqueous solution for more than one day.

Description

7,12-Diketolithocholic acid is a bile acid.¹ Plasma levels of 7,12-diketolithocholic acid are increased in patients with cholestasis.

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the [complete](#) Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
