PRODUCT INFORMATION

Fexapotide (trifluoroacetate)

Item No. 40716

CAS Registry No.: 1609252-56-3
Formal Name: L-isoleucyl-L- α -aspartyl-L-glutamyl-L-glutamyl-L-valyl-L-leucyl-L-seryl-L-arginyl-L-isoleucyl-L-lysyl-L-leucyl-L- α -glutamyl-L-isoleucyl-L-lysyl-L-arginyl-L-cysteinyl-L-leucine, triflutate

Synonym: NX-1207
Peptide Sequence: IDQQVLSRIKLEIKRCL-OH
MF: C₉₀H₁₆₃N₂₇O₂₅S • 5CF₃COOH
FW: 2,625.6
Purity: \geq 95%
Supplied as: A solid
Storage: -20°C
Stability: \geq 4 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

Fexapotide (trifluoroacetate) is supplied as a solid. A stock solution may be made by dissolving the fexapotide (trifluoroacetate) in the solvent of choice, which should be purged with an inert gas. Fexapotide (trifluoroacetate) is soluble (\geq 10 mg/ml) in DMSO.

Further dilutions of the stock solution into aqueous buffers or isotonic saline should be made prior to performing biological experiments. Ensure that the residual amount of organic solvent is insignificant, since organic solvents may have physiological effects at low concentrations. Organic solvent-free aqueous solutions of fexapotide (trifluoroacetate) can be prepared by directly dissolving the solid in aqueous buffers. Fexapotide (trifluoroacetate) slightly soluble (0.1-1 mg/ml) in PBS (pH 7.2). We do not recommend storing the aqueous solution for more than one day.

Description

Fexapotide (trifluoroacetate) is a peptide.¹ It induces apoptosis in LNCaP prostate cancer cells when used at a concentration of 2.5 mg/ml. Intraprostatic administration of fexapotide triflutate (0.6 mg/animal per week) reduces the numbers of prostate glandular epithelial cells without affecting other cell types and decreases prostate volume in rats.

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
