PRODUCT INFORMATION

Uracil-¹³C₄, ¹⁵N₂
Item No. 41125

CAS Registry No.: 202407-06-5
Formal Name: 2,4(1H,3H)-pyrimidinedione-2,4,5,6-¹³C₄-1,3-¹⁵N₂
MF: [¹³C]₄H₄[¹⁵N]₂O₂
FW: 118.1
Purity: ≥98%
Supplied as: A solid
Storage: -20°C
Stability: ≥4 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

Uracil-¹³C₄, ¹⁵N₂ is intended for use as an internal standard for the quantification of uracil (Item No. 26088) by GC- or LC-MS. The accuracy of the sample weight in this vial is between 5% over and 2% under the amount shown on the vial. If better precision is required, the deuterated standard should be quantitated against a more precisely weighed unlabeled standard by constructing a standard curve of peak intensity ratios (deuterated *versus* unlabeled).

Uracil-¹³C₄, ¹⁵N₂ is supplied as a solid. A stock solution may be made by dissolving the uracil-¹³C₄, ¹⁵N₂ in the solvent of choice, which should be purged with an inert gas. Uracil-¹³C₄, ¹⁵N₂ is slightly soluble (0.1-1 mg/ml) in ethanol and sparingly soluble (1-10 mg/ml) in DMSO.

Description

Uracil is a pyrimidine base and a fundamental component of RNA where it binds to adenine *via* hydrogen bonds.¹ It is converted into the nucleoside uridine through the addition of a ribose moiety, then to the nucleotide uridine monophosphate by the addition of a phosphate group.

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the [complete](#) Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
