PRODUCT INFORMATION

Hexadecanal

Item No. 9001996

CAS Registry No.: 629-80-1
Formal Name: hexadecanal
Synonyms: 1-Hexadecanal, Palmitaldehyde
MF: C₁₆H₃₂O
FW: 240.4
Purity: ≥98%
UV/Vis.: λ_{max}: 207, 293 nm
Supplied as: A crystalline solid
Storage: -20°C
Stability: ≥2 years

Information represents the product specifications. Batch specific analytical results are provided on each certificate of analysis.

Laboratory Procedures

Hexadecanal is supplied as a crystalline solid. A stock solution may be made by dissolving the hexadecanal in the solvent of choice. Hexadecanal is soluble in organic solvents such as ethanol, DMSO, and dimethyl formamide (DMF), which should be purged with an inert gas. The solubility of hexadecanal in ethanol and DMF is approximately 30 mg/ml and approximately 10 mg/ml in DMSO.

Hexadecanal is sparingly soluble in aqueous buffers. For maximum solubility in aqueous buffers, hexadecanal should first be dissolved in ethanol and then diluted with the aqueous buffer of choice. Hexadecanal has a solubility of approximately 0.3 mg/ml in a 1:2 solution of ethanol:PBS (pH 7.2) using this method. We do not recommend storing the aqueous solution for more than one day.

Description

Hexadecanal is the 16-carbon free fatty aldehyde analog of palmitic acid that, in conjunction with NAD⁺, acts as a substrate for hexadecanal:NAD⁺ oxidoreductase (fatty aldehyde dehydrogenase).¹

WARNING

THIS PRODUCT IS FOR RESEARCH ONLY - NOT FOR HUMAN OR VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.

SAFETY DATA

This material should be considered hazardous until further information becomes available. Do not ingest, inhale, get in eyes, on skin, or on clothing. Wash thoroughly after handling. Before use, the user must review the complete Safety Data Sheet, which has been sent via email to your institution.

WARRANTY AND LIMITATION OF REMEDY

Buyer agrees to purchase the material subject to Cayman's Terms and Conditions. Complete Terms and Conditions including Warranty and Limitation of Liability information can be found on our website.
