Product no **AS19 4276**
ATG5 | Autophagy protein 5

Product information

Immunogen	Full length, recombinant ATG5 of <i>Arabidopsis thaliana</i> protein sequence UniProt: Q9FFI2-1 , TAIR: At5g17290 , overexpressed in <i>E.coli</i>
Host	Rabbit
Clonality	Polyclonal
Purity	Serum
Format	Lyophilized
Quantity	50 µl
Reconstitution	For reconstitution add 50 µl, of sterile water.
Storage	Store lyophilized/reconstituted at -20°C (short term, months) or at -80°C (long term, years) ; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please, remember to spin tubes briefly prior to opening them to avoid any losses that might occur from lyophilized material adhering to the cap or sides of the tubes.

Application information

Recommended dilution	1 : 3000 (WB)
Expected apparent MW	38.5 50 kDa (in wild type plants) and ca. 38 kDa in autophagy defective mutants
Confirmed reactivity	<i>Arabidopsis thaliana</i>
Predicted reactivity	<i>Solanum lycopersicum</i> , <i>Solanum tuberosum</i>
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
Additional information	In wild-type plants almost all ATG5 is conjugated to ATG12. This item can be sold containing ProClinFor high resolution images, please visit the specific product page at www.agrisera.com
