

# SZABO SCANDIC

Part of Europa Biosite

## Produktinformation

Forschungsprodukte & Biochemikalien

Zellkultur & Verbrauchsmaterial

Diagnostik & molekulare Diagnostik

Laborgeräte & Service

Weitere Information auf den folgenden Seiten!  
See the following pages for more information!

### Lieferung & Zahlungsart

siehe unsere [Liefer- und Versandbedingungen](#)

### Zuschläge

- Mindermengenzuschlag
- Trockeneiszuschlag
- Gefahrgutzuschlag
- Expressversand

### SZABO-SCANDIC HandelsgmbH

Quellenstraße 110, A-1100 Wien

## EB07850 - Goat Anti-T-cell differentiation protein Antibody

Size: 100µg specific antibody in 200µl

### UK Office

#### Everest Biotech Ltd

Cherwell Innovation Centre  
77 Heyford Park  
Upper Heyford  
Oxfordshire  
OX25 5HD  
UK

**Research Use Only. Not for diagnostic or therapeutic use.**

### Target Protein

**Principal Names:** MAL, mal, T-cell differentiation protein, T-cell differentiation protein MAL, T-lymphocyte maturation-associated protein, myelin and lymphocyte protein

**Official Symbol:** MAL

**Accession Number(s):** NP\_002362.1; NP\_071884.1

**Human GeneID(s):** [4118](#)

**Non-Human GeneID(s):** 17153 (mouse), 25263 (rat)

**Important Comments:** This antibody is expected to recognise isoform a (NP\_002362.1) and isoform c (NP\_071884.1).

### Immunogen

Peptide with sequence C-QDGFTYRHYHEN, from the internal region of the protein sequence according to NP\_002362.1; NP\_071884.1.

Please note the [peptide](#) is available for sale.

### Purification and Storage

Purified from goat serum by ammonium sulphate precipitation followed by antigen affinity chromatography using the immunizing peptide.

Supplied at 0.5 mg/ml in Tris saline, 0.02% sodium azide, pH7.3 with 0.5% bovine serum albumin.

Aliquot and store at -20°C. Minimize freezing and thawing.

### Applications Tested

**Peptide ELISA:** antibody detection limit dilution 1:4000.

**Western blot:** Preliminary experiments gave an approx 35kDa band in Human Thymus and Thyroid Gland lysates after 0.3µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the band we observe given the calculated size of 16.7kDa according to NP\_002362.1. The 35kDa band was successfully blocked by incubation with the immunizing peptide. We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported?

### Species Reactivity

**Tested:**

**Expected from sequence similarity:** Human, Mouse, Rat
