

# SZABO SCANDIC

Part of Europa Biosite

## Produktinformation

Forschungsprodukte & Biochemikalien

Zellkultur & Verbrauchsmaterial

Diagnostik & molekulare Diagnostik

Laborgeräte & Service

Weitere Information auf den folgenden Seiten!  
See the following pages for more information!

### Lieferung & Zahlungsart

siehe unsere [Liefer- und Versandbedingungen](#)

### Zuschläge

- Mindermengenzuschlag
- Trockeneiszuschlag
- Gefahrgutzuschlag
- Expressversand

## Sodium dodecylbenzenesulfonate

<b>Cat. No.:</b>	HY-B1937
<b>CAS No.:</b>	25155-30-0
<b>Molecular Formula:</b>	C <sub>18</sub> H <sub>29</sub> NaO <sub>3</sub> S
<b>Molecular Weight:</b>	348.48
<b>Target:</b>	Biochemical Assay Reagents
<b>Pathway:</b>	Others
<b>Storage:</b>	4°C, sealed storage, away from moisture * In solvent : -80°C, 6 months; -20°C, 1 month (sealed storage, away from moisture)

### BIOLOGICAL ACTIVITY

<b>Description</b>	Sodium dodecylbenzenesulfonate (Bio-Soft S 101 sodium) is a nonionic surfactant commonly used in a variety of applications for cleaning and treating industrial equipment. It has good cleaning power and environmental compatibility, and can effectively remove oil, dirt and other forms of contamination. In addition, in textile, paper, leather and other industries, the compound can also be used for fixing and stabilizing dyes and colors. Although the compound has no direct application in the medical field, it plays an important role in industry and laboratory research.
<b>In Vitro</b>	Sodium dodecylbenzenesulfonate is a biochemical reagent that can be used as a biological material or organic compound for life science related research. MCE has not independently confirmed the accuracy of these methods. They are for reference only.

**Caution: Product has not been fully validated for medical applications. For research use only.**
