BD-10X

Cat. No.:	HY-E70310
Target:	Endogenous Metabolite
Pathway:	Metabolic Enzyme/Protease
Storage:	Please store the product under the recommended conditions in the Certificate of Analysis.

BD-10X

BIOLOGICAL ACTIVITY

Description

BD-10X (Lipase for biodiesel production) is a methanol-resistant lipase with high catalytic activity and can be used for the production of biodiesel. The reaction conditions of BD-10X are mild, which can avoid the oxidation of hydroxyl groups and the opening of double bonds, and prevent the production of by-products other than glycerol^[1].
