Material Safety Data Sheet

Complete™ Protease Inhibitor Cocktail Tablet, EDTA-free: *sc-29131*

CHEMICAL IDENTIFICATION

Description: Mixture of several protease inhibitors. For the inhibition of serine, cysteine, but not metalloproteases. This product is used for the inhibition of proteolytic activity in larger volumes, where EDTA may interfere with protein stability or subsequent assays or purification methods, [e.g. Immobilized Metal Chelate Affinity Chromatography (IMAC)]. EDTA-free tablets contain both reversible and irreversible protease inhibitors.

Suggested Starting Concentration: 1 tablet contains protease inhibitors sufficient for 50 ml cell extract. If very high proteolytic activity is present, one tablet should be used for 25 ml extraction buffer. The tablets can be added directly to the extraction medium.

Alternatively, a stock solution (25 • conc.) can be prepared. Stock solution Dissolve one tablet Complete, EDTA-free in 2 ml redist. H₂O or in 100 mM phosphate buffer, pH 7.0.

COMPOSITION/INFORMATION ON INGREDIENTS

CAS #: N/A

Solubility: Soluble in water

Storage: Store dry at 4°C.

pH: recommended pH for stock solution: 7.0

HAZARDS IDENTIFICATION

Primary Routes of Entry: Ingestion, eye and/or skin contact.

Health Effects: Adverse health effects are not expected from the recommended use of this product.

FIRST-AID MEASURES

Inhalation: If breathing becomes difficult, remove victim to fresh air. Seek medical assistance immediately.

Ingestion: No adverse effects are reasonably anticipated, however, if ANY symptoms occur, keep victim warm and calm. Get medical attention immediately.

Skin Contact: Avoid skin contact. If skin contact leads to irritation or reddening of skin, get medical attention.

Eye Contact: Flush eye(s) with large volumes of water for at least 15 minutes.

FIRE EXTINGUISHING MEASURES

Extinguishing Media: Use fire extinguishing media appropriate for site conditions.

Special Fire Procedures: Structural firefighting gear and self-contained breathing apparatus will provide adequate protection if this product is in a fire area.

ACCIDENTAL RELEASE MEASURES

Steps to be Taken in Case Material is Released or Spilled: Wear appropriate personal protective clothing as specified in Exposure Controls Section. Pick up material dry. Place all contaminated disposables into a suitable container, seal, label, and hold for disposal.

HANDLING AND STORAGE

Observe all federal, state and local regulations when storing this substance. Store away from incompatible substances. Store tablets at 4 degrees C; keep container tightly closed when not in use.

EXPOSURE CONTROLS/PERSONAL PROTECTION

Ventilation Data: Supplemental ventilation is not required for the use of this product.

Respiratory Protection: Respiratory protection is not required under normal use of this product.

Protective Gloves: Wear appropriate protective gloves to prevent skin contact.

Other Protective Equipment: Wear appropriate eye protection to prevent eye contact. Wear appropriate body protection to prevent skin contact.

Other Engineering Controls: N/A

Work Practices: Good laboratory technique should be used when handling this product. Observe appropriate chemical hygiene. Avoid contact with skin or eyes. Do not place in mouth.

Hygienic Practices: Do not eat, drink, or smoke while working with product. Upon completion of work activities involving this product, wash hands thoroughly with soap and water.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Tablets.

Melting point: N/A

Boiling point: N/A

STABILITY AND REACTIVITY

Is the Product Stable? Yes, under normal handling and storage conditions.

TOXICOLOGICAL INFORMATION

RTECS#: N/A

ECOLOGICAL INFORMATION

Data not yet available.

DISPOSAL CONSIDERATIONS

Observe all federal, state and local environmental regulations.

Complete™ Protease Inhibitor Cocktail Tablet, EDTA-free: *sc-29131*

TRANSPORT INFORMATION

No classification currently assigned.

REGULATORY INFORMATION
