In Case of Eye Contact: In Case of Ingestion:	Section 4. First Aid Measures Remove to fresh air. If not breathing, give artificial respiration or give oxygen by trained personnel. Get immediate medical attention. Immediately wash skin with soap and plenty of water for at least 20 minutes. Remove contaminate clothing. Get medical attention if symptoms occur. Wash clothing before reuse. Hold eyelids apart and flush eyes with plenty of water for at least 20 minutes. Have eyes examined and tested by medical personnel. Wash out mouth with water provided person is conscious. Never give anything by mouth to an unconscious person. Get medical attention. Do NOT induce vomiting unless directed to do so by medical personnel. May cause anemia, cough, CNS depression, drowsiness, headache, heart damage, lassitude

Important Symptoms and Effects, Both Acute and	unconscious person. Get medical attention. Do NOT induce vomiting unless directed to do so by medical personnel. May cause anemia, cough, CNS depression, drowsiness, headache, heart damage, lassitude				
Effects, Both Acute and					
	(weakness, exhaustion), liver damage, narcosis, reproductive effects, teratogenic effects.				
	Section 5. Fire Fighting Measures				
Suitable Extinguishing Media:	Use alcohol-resistant foam, carbon dioxide, water, or dry chemical spray. Use water spray to cool fire-exposed containers.				
Unsuitable Extinguishing Media:	A solid water stream may be inefficient.				
Flammable Properties and Can release vapors that form explosive mixtures at temperatures at or above the flashpoint.					
Hazards:	Container explosion may occur under fire conditions.				
	Emits toxic fumes under fire conditions.				
	Sensitive to static discharge.				
	Vapors can travel to a source of ignition and flash back.				
	No data available.				
Flash Pt:	14.00 C Method Used: Closed Cup				
Explosive Limits:	LEL: 3.3% at 25.0 C UEL: 19.0% at 25.0 C				
Autoignition Pt:	363.00 C				
Fire Fighting Instructions	As in any fire, wear self-contained breathing apparatus pressure-demand (NIOSH approved or equivalent), and full protective gear to prevent contact with skin and eyes. Note: Flammable as diluted in ethanol.				
	Section 6. Accidental Release Measures				
	Avoid raising and breathing dust, and provide adequate ventilation. As conditions warrant, wear a NIOSH approved self-contained breathing apparatus, or respirator, and appropriate personal protection (rubber boots, safety goggles, and heavy rubber gloves).				
Environmental	Take steps to avoid release into the environment, if safe to do so.				
	Contain and collect as appropriate				
Containment and Cleanin	$\mathbf{g}$ Transfer to a chemical waste container for disposal in accordance with local regulations.				
	Media: Insuitable Extinguishing Media: Tammable Properties and Jazards: Tash Pt: Explosive Limits: Autoignition Pt: Tire Fighting Instructions Protective Precautions, Protective Equipment and Emergency Procedures: Environmental Precautions: Methods and Material For
