Revision: 10/01/2018 Supersedes Revision: 06/25/2013

P308+313: IF exposed or concerned: Get medical attention/advice. P312: Call a POISON CENTER or doctor/physician if you feel unwell.

P337+313: If eye irritation persists, get medical advice/attention.

GHS Storage and Disposal Phrases:

Please refer to Section 7 for Storage and Section 13 for Disposal information.

2.3 Adverse Human Health Causes serious eye irritation.

Effects and Symptoms: Material may be irritating to the mucous membranes and upper respiratory tract.

- May be harmful by inhalation, ingestion, or skin absorption.
 - May cause adverse reproductive effects in males and/or females.
- May cause drowsiness or dizziness.
 - May cause gastrointestinal disturbances.

May cause skin or respiratory system irritation.

- May damage fertility or the unborn child.
- May stimulate contraction of intestinal and reproductive smooth muscle.
- Repeated exposure may cause skin dryness or cracking.
- This chemical has the potential to induce premature labor or abortion.

To the best of our knowledge, the toxicological properties have not been thoroughly investigated.

Section 3. Composition/Information on Ingredients
