		Section 4. First Aid Measures					
4.1	Description of First Aid						
	Measures:						
	In Case of Inhalation:	Remove to fresh air. If not breathing, give artificial respiration or give oxygen by trained personnel. Get immediate medical attention.					
	In Case of Skin Contact:	Immediately wash skin with soap and plenty of water for at least 15 minutes. Remove contaminated clothing. Get medical attention if symptoms occur. Wash clothing before reuse.					
	In Case of Eye Contact:	Hold eyelids apart and flush eyes with plenty of water for at least 15 minutes. Have eyes examined and tested by medical personnel.					
	In Case of Ingestion:	Wash out mouth with water provided person is conscious. Never give anything by mouth to an unconscious person. Get medical attention. Do NOT induce vomiting unless directed to do so by medical personnel.					
4.2	Important Symptoms and Effects, Both Acute and Delayed:	May cause anemia, cough, CNS depression, drowsiness, headache, heart damage, lassitude (weakness, exhaustion), liver damage, narcosis, reproductive effects, teratogenic effects.					
		Section 5. Fire Fighting Measures					
5.1	Suitable Extinguishing	Use alcohol-resistant foam, carbon dioxide, water, or dry chemical spray.					
	Media:	Use water spray to cool fire-exposed containers.					
	Unsuitable Extinguishing Media:	A solid water stream may be inefficient.					
5.2	Flammable Properties and Can release vapors that form explosive mixtures at temperatures at or above the flashpoint.						
	Hazards:	Container explosion may occur under fire conditions.					
		Emits toxic fumes under fire conditions.					
		Sensitive to static discharge.					
		Vapors can travel to a source of ignition and flash back.					
		No data available.					
	Flash Pt:	14.00 C Method Used: Closed Cup					
	Explosive Limits:	LEL: 3.3% at 25.0 C UEL: 19.0% at 25.0 C					
	Autoignition Pt:	363.00 C					
5.3	Fire Fighting Instructions	As in any fire, wear self-contained breathing apparatus pressure-demand (NIOSH approved or					
		equivalent), and full protective gear to prevent contact with skin and eyes.					
		Note: Flammable as diluted in ethanol.					
		Section 6. Accidental Release Measures					
6.1	Protective Precautions,	Avoid breathing vapors and provide adequate ventilation.					
		d As conditions warrant, wear a NIOSH approved self-contained breathing apparatus, or respirator,					
	Emergency Procedures:	and appropriate personal protection (rubber boots, safety goggles, and heavy rubber gloves).					
6.2	Environmental Precautions:	Take steps to avoid release into the environment, if safe to do so.					
6.3		r Contain spill and collect, as appropriate. IngTransfer to a chemical waste container for disposal in accordance with local regulations.					

		Section 7. Ha	ndling and Storage					
7.1	Precautions To Be Taken	n Avoid breathing dust/fume/gas/mist/vapours/spray.						
	in Handling:	Avoid prolonged or repeate	d exposure.					
		Keep away from sources of ignition.						
		Take precautionary measur	es against static discharge.					
7.2	Precautions To Be Taken	Keep away from heat, spark						
	in Storing:	Keep container tightly close						
			in accordance with information listed on the product insert.					
	Other Precautions:	Hygroscopic						
	Sect	ion 8. Exposure C	Controls/Personal Protection					
3.1	Exposure Parameters:							
CAS	# Chemical Name	Jurisdiction	Recommended Exposure Limits	Notations				
64-17	-5 Ethyl alcohol	ACGIH TLV	TLV: 1000 ppm STEL: 1000 ppm					
		France VL	TWA: 1900 mg/m3 (1000 ppm) STEL: 9500 mg/m3 (5000 ppm)					
		OSHA PELs	PEL: 1000 ppm					
		Britain EH40	TWA: 1920 mg/m3 (1000 ppm) STEL: ()					
3.2	Exposure Controls:							
8.2.1	Engineering Controls	Use process enclosures, lo	cal exhaust ventilation, or other engineering cont	rols to control airborn				
	(Ventilation etc.):	levels below recommended	exposure limits.					
3.2.2	Personal protection equip	oment:						
	Eye Protection:	Safety glasses						
	Protective Gloves:	Compatible chemical-resista	ant gloves					
	Other Protective Clothing	:Lab coat						
	Respiratory Equipment (Specify Type):	NIOSH approved respirator, as conditions warrant.						
	Work/Hygienic/Maintenan	Do not take internally.						
	ce Practices:	Facilities storing or utilizing this material should be equipped with an eyewash and a safety shower						
		Wash thoroughly after handling.						
		No data available.						
	Se	ection 9. Physical	and Chemical Properties					
9.1	Information on Basic Phys	-						
	Physical States:	[]Gas [X]Liq						
	Appearance and Odor:	A solution in ethano	1					
	pH:	No data.						
	Melting Point:	No data.						
	Boiling Point:	No data.						
	Flash Pt:		Ised: Closed Cup					
	Evaporation Rate:	No data.
