

Minocycline, Hydrochloride: sc-203339

The Power to Question

MATERIAL SAFETY DATA SHEET

1. Identification of the substance/preparation and of the company/undertaking

Product name	: Minocycline, Hydrochloride	Catalog #	: sc-203339
Chemical formula	: C ₂₃ H ₂₇ N ₃ O ₇ · HCl	Supplier	: Santa Cruz Biotechnology, Inc. 2145 Delaware Avenue Santa Cruz, California 95060 800.457.3801 or 831.457.3800
Synonym	: 7-Diemthylamino-6-demethyl-6-deoxytetracycline, HCl	Emergency	: ChemWatch Within the US & Canada: 877-715-9305 Outside the US & Canada: +800 2436 2255 (1-800-CHEMCALL) or call +613 9573 3112

2. Composition / information on ingredients

Substance/Preparation : Substance

Chemical name*	CAS No.	EC Number	Symbol	R-Phrases
1) 7-Diemthylamino-6-demethyl-6-deoxytetracycline, HCl	13614-98-7	237-099-7	Xn	R33, R36/37/38, R63, R64

3. Hazards identification

Physical/chemical hazards	: Not applicable.
Human health hazards	: CAUTION! BIRTH DEFECT HAZARD. CAN CAUSE BIRTH DEFECTS. MAY CAUSE RESPIRATORY TRACT, EYE AND SKIN IRRITATION. MAY CAUSE DAMAGE TO THE FOLLOWING ORGANS: REPRODUCTIVE SYSTEM, HEART, IMMUNE SYSTEM, SKIN.

4. First-aid measures

First-Aid measures

Inhalation	: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.
Ingestion	: Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention if symptoms appear.
Skin Contact	: In case of contact, immediately flush skin with plenty of water. Cover the irritated skin with an emollient. Remove contaminated clothing and shoes. Cold water may be used. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.
Eye Contact	: Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention.

Effects and symptoms

Inhalation	: Hazardous in case of inhalation (lung irritant).
Skin Contact	: Hazardous in case of skin contact (irritant). Skin inflammation is characterized by itching, scaling, reddening, or, occasionally, blistering.
Eye Contact	: Hazardous in case of eye contact (irritant).

Aggravating conditions : Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or many human organs.

5. Fire-fighting measures

Flammability of the Product : May be combustible at high temperature.

Extinguishing Media

Suitable : SMALL FIRE: Use DRY chemical powder.
LARGE FIRE: Use water spray, fog or foam. Do not use water jet.

Hazardous thermal (de)composition products : These products are carbon oxides (CO, CO₂), nitrogen oxides (NO, NO₂...), halogenated compounds.

Special fire-fighting procedures : Fire fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.

Protection of fire-fighters : Be sure to use an approved/certified respirator or equivalent.

6. Accidental release measures

- Personal precautions** : Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self-contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.
- Small Spill and Leak** : Use appropriate tools to put the spilled solid in a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements.
- Large Spill and Leak** : Use a shovel to put the material into a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and allow to evacuate through the sanitary system

7. Handling and storage

- Handling** : Keep locked up. Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Do not ingest. Do not breathe dust. Wear suitable protective clothing. If ingested, seek medical advice immediately and show the container or the label. Avoid contact with skin and eyes. Keep away from incompatibles such as oxidizing agents.
- Storage** : Keep container tightly closed. Keep container in a cool, well-ventilated area. Do not store above 4°C (39.2°F).
- Packaging materials**
- Recommended use** : Use original container.

8. Exposure controls/personal protection

- Engineering measures** : Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.
- Hygiene measures** : Wash hands after handling compounds and before eating, smoking, using lavatory, and at the end of day.

<u>Ingredient Name</u>	<u>Occupational Exposure Limits</u>
1) Minocycline, Hydrochloride	Not available.

Personal protective equipment

- Respiratory system** : Dust respirator. Be sure to use an approved/certified respirator or equivalent. Wear appropriate respirator when ventilation is inadequate.
- Skin and body** : Lab coat.
- Hands** : Gloves.
- Eyes** : Splash goggles.
- Protective Clothing (Pictograms)** :

9. Physical and chemical properties

- Physical state** : Solid. (Solid powder.)
- Molecular Weight** : 493.9 g/mole
- Solubility** : Partially soluble in cold water.
- Flash point** : Not available.
- Explosive properties** : Risks of explosion of the product in presence of mechanical impact: Not available.
Risks of explosion of the product in presence of static discharge: Not available.

10. Stability and reactivity

- Stability** : The product is stable.
- Conditions to avoid** : Not available.
- Materials to avoid** : Reactive with oxidizing agents.
- Hazardous Decomposition Products** : These products are carbon oxides (CO, CO₂), nitrogen oxides (NO, NO₂...), halogenated compounds.

11. Toxicological information

- RTECS #** : Q17630500
- Local effects**
- Skin irritation** : Hazardous in case of skin contact (irritant).
- Acute toxicity** : LD50: Not available.
LC50: Not available.

Chronic toxicity	: Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or many human organs.
Other Toxic Effects on Humans	: Not available. Hazardous in case of skin contact (irritant), of inhalation (lung irritant). May cause congenital malformations in the foetus. Material is irritating to mucous membranes and upper respiratory tract. Causes dermatitis. May cause allergic reactions to certain individuals. Skin contact can produce inflammation and blistering.
Specific effects	
Carcinogenic effects	: Classified None. by NIOSH.
Mutagenic effects	: Not available.
Reproduction toxicity	: Classified Reproductive system/toxin/female, Reproductive system/toxin/male [SUSPECTED].
Teratogenic effects	: Classified POSSIBLE for human.

12. Ecological information

Ecotoxicity	: Not available.
Toxicity of the Products of Biodegradation	: The product itself and its products of degradation are not toxic.

13. Disposal considerations

Methods of disposal; Waste of residues; Contaminated packaging	: Waste must be disposed of in accordance with federal, state and local environmental control regulations.
---	--

14. Transport information

International transport regulations

Land - Road/Railway

ADR/RID Class	: Not controlled under ADR (Europe).
----------------------	--------------------------------------

Sea

IMDG Class	: Not controlled under IMDG.
-------------------	------------------------------

Air

IATA-DGR Class	: Not controlled under IATA.
-----------------------	------------------------------

Special Provisions for Transport	Not applicable.
---	-----------------

15. Regulatory information

EU Regulations

Hazard symbol(s)	: 
Classification	: Harmful
Risk Phrases	: R33- Danger of cumulative effects. R36/37/38- Irritating to eyes, respiratory system and skin. R63- Possible risk of harm to the unborn child. R64- May cause harm to breastfed babies.
Safety Phrases	: S22- Do not breathe dust. S36- Wear suitable protective clothing. S45- In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).
Contains	: - Minocycline, Hydrochloride
<u>U.S. Federal Regulations</u>	: TSCA: No products were found. SARA 302/304/311/312 extremely hazardous substances: No products were found. SARA 302/304 emergency planning and notification: No products were found. SARA 302/304/311/312 hazardous chemicals: No products were found. SARA 311/312 MSDS distribution - chemical inventory - hazard identification: No products were found. SARA 313 toxic chemical notification and release reporting: No products were found. Clean Water Act (CWA) 307: No products were found. Clean Water Act (CWA) 311: No products were found. Clean air act (CAA) 112 accidental release prevention: No products were found. Clean air act (CAA) 112 regulated flammable substances: No products were found. Clean air act (CAA) 112 regulated toxic substances: No products were found.
HCS Classification	: CLASS: Irritating substance. CLASS: Target organ effects.
State Regulations	: California prop. 65: This product contains the following ingredients for which the State of California has found to cause birth defects which would require a warning under the statute: Minocycline, Hydrochloride
<u>WHMIS (Canada)</u>	: CLASS D-2A: Material causing other toxic effects (VERY TOXIC). No products were found.

16. Other information

**Hazardous Material
Information System
(U.S.A.)**

Health	* 2
Fire Hazard	1
Reactivity	0
